

Practice Assignments – Object Oriented Programming 1
Fall 2022

Assignment -2

Due Date: 28/9/2022

(Week #3: Operators)

- 1 WAP to Calculate Area and Circumference of Circle.
2. WAP to Calculate Area of Scalene Triangle.

[Hint: A Scalene triangle is a triangle that has 3 unequal sides. Since all the three sides are unequal, this means all the three angles are also of different measures.]

- 3 WAP to Calculate Area of Equilateral Triangle.
- 4 WAP to Calculate Area of Right angle Triangle.
- 5 WAP to Calculate Area of Rectangle.
- 6 WAP to Calculate Area of Square.

WAP→ Write a Program

Note: Take all input from user.
