

SOC3010 OS TERM PROJECT FALL 2024 REPORT PREPARATION GUIDELINES

- 1. OS TERM PROJECT FINAL REPORT MUST BE PREPARED USING THE TERM PROJECT TEMPLATE GIVEN AT THE ECLASS PORTAL**
- 2. ONLY THE TERM PROJECT REPORT PREPARED USING THE TEMPLATE GIVEN AT THE ECLASS WILL BE ACCEPTED.**
- 3. TERM PROJECT REPORT USING ANY OTHER FORMAT WILL BE REJECTED AND GIVEN A GRADE 0.**
- 4. ALL INSTRUCTIONS REGARDING PREPARATION OF THE TERM PROJECT REPORT SECTIONS ARE GIVEN IN THE REPORT TEMPLATE SECTIONS ITSELF IN RED COLOR TEXT.**
- 5. ANY STATEMENT IN RED IN THE TERM PROJECT REPORT INDICATES INSTRUCTIONS FOR YOU TO WRITE THE REPORT. BUT THESE INSTRUCTIONS WRITTEN IN RED SHOULD BE REMOVED FROM THE FINAL REPORT. DO NOT WRITE YOUR REPORT IN RED**

6. THE BRIEF DESCRIPTION OF THE REPORT LAYOUT IS GIVEN BELOW :

SECTION HEADING FONT – Times New Roman, 14pt

SECTION TEXT FONT – Times New Roman, 12pt

ALL FONTS AND SIZES ARE CLEARLY SET IN THE REPORT AND NOT TO BE MODIFIED.

YOU ARE REQUIRED TO JUST ENTER THE TEXT IN ALL THE SECTIONS, INCLUDE REQUIRED FIGURES, CHARTS, IMAGES, TABLES AND SCREEN SHOTS.

IN THE FACING SHEET OF THE REPORT YOU SHOULD WRITE THE PROJECT TITLE IN BOLD & CAPITAL, TEAM NO., PROJECT LEADER & MEMBER NAMES WITH IDs & SECTION NOS WITH PROPER ALIGNMENT.

YOU ARE REQUIRED TO GO THROUGH THE TERM PROJECT REPORT TEMPLATE GIVEN AT THE ECLASS PORTAL

SECOND PAGE OF THE REPORT CONTAINS THE CONTENT PAGE

[Don't write anything IN THE CONTENT PAGE, but after completing the report put the correct page number of the section in your report against each of the section here in place of pageno– anything in RED IN THIS REPORT indicates instructions for you to write the report but these should be removed from the final report. DO NOT WRITE YOUR REPORT IN RED]

CONTENTS

SECTION 1 : Abstract	pageno
SECTION 2 : Introduction	pageno
SECTION 3 : Project Overview	pageno
SECTION 4 : Requirements definition	pageno
SECTION 5 : Project Design & Implementation	pageno
SECTION 6 : Results & Discussions	pageno
SECTION 7 : Conclusion	pageno
SECTION 8 : Future Work	pageno
SECTION 9 : References	pageno
SECTION 10 : Project Team	pageno

THE TERM PROJECT REPORT CONTAINS THE FOLLOWING SECTIONS AND INSTRUCTIONS ARE GIVEN IN RED IN EACH SECTION BELOW THE SECTION HEADING WHAT TO INCLUDE IN EACH SECTION. BUT THESE INSTRUCTIONS IN RED

**SHOULD BE REMOVED FROM THE FINAL REPORT
(BEFORE TAKING PRINTOUT FOR SUBMISSION).
DO NOT WRITE YOUR REPORT IN RED.**

TITLE OF THE PROJECT:

[Provide the Title here]

PROBLEM STATEMENT :

[State clearly the statement of the problem which your team has tackled]

ABSTRACT :

[Provide a gist or executive summary of the project your team has carried out providing all the details in brief]

INTRODUCTION

[Provide detailed introduction to the area of your term Project, discuss the use of this system in real life, motivation for carrying out this work. Give detailed description on the tasks your team has carried out, what features you have included in the project. In what way these features are useful, problems faced by the users in real life in your term project area, services provided to users to satisfy their requirements.]

OVERALL PROJECT OVERVIEW :

[Provide overall overview of your project (system designed) detailing various components of this system, Identify various tasks performed in these components of the system at the server side and at the client(s) side looking at the system in real life and the services offered to the clients and all the requirements of the clients (Requirements Definition). Provide block diagram of the complete system showing all the components both at the server side and client(s) side. Also provide block diagrams of all the subsystems]

(sub-components) of the main system and provide detailed descriptions of these systems]

REQUIREMENT DEFINITION:

[Provide Term Project Requirement definitions in the form of Use case diagram, Activity diagrams, Class diagrams, Behavioral diagram and explain them clearly]

PROJECT DESIGN AND IMPLEMENTATION:

[Discuss the design and implementation of different components of your system providing the details on inter-process communication mechanism used (socket programming) between server and clients, backend database tool used, GUI (Graphical user Interface) on linux platform and provide any other details in support of design and implementation of the project you have carried out.]

RESULTS & DISCUSSION:

[Discuss the results of your term project results & outputs providing all the screenshots of all the features implemented, screenshots of all the user interactions to get various services provided by the system, screenshots of user interface, interprocess communication and database contents. Explain all the screenshots clearly with proper descriptions]

CONCLUSION:

[Provide a conclusion of your report by describing the term project carried out, all the features implemented, in what way it will be useful to the users and society]

FUTURE WORK:

[As a future work here you discuss the features not implemented, in what way these features can be included in order to make this project highly useful to the society and the users]

REFERENCES :

[Provide the list of the books, library resources, websites referenced for understanding various topics required for the design and implementation of your term Project]

PROJECT TEAM :

[Provide all the Team member details including the Team Leader – Name, Student ID, Section No. & Signature with date]

- 7. A HARDCOPY OF THE REPORT MUST BE SUBMITTED BY THE TEAM LEADER JUST BEFORE THE PRESENTATION ON THE DAY OF THE PRESENTATION OR ONE DAY BEFORE THE PRESENTATION.**
- 8. PLEASE NOTE THAT WITHOUT THE TERM PROJECT REPORT, NO PRESENTATION WILL BE ALLOWED AND GIVEN A GRADE 0 FOR THE TERM PROJECT.**

9. IT IS THE RESPONSIBILITY OF THE TEAM LEADER TO SUBMIT THE SOURCE CODE, PRESENTATION SLIDES AND ANY MODIFICATIONS SUGGESTED TO THE PROJECT REPORT AFTER THE PRESENTATION ON A FLASH DRIVE IN ORDER TO GET THE FULL/MAXIMUM GRADE.

10. ALL MEMBERS INCLUDING THE TEAM LEADER ARE REQUIRED TO UPLOAD THE SOFTCOPY OF THE TERM PROJECT REPORT, PRESENTATION SLIDES, SOURCE CODE DEVELOPED AT THE IUT ECLASS PORTAL WELL BEFORE THE SPECIFIED DATE.

11. NO SUBMISSION AT IUT ECLASS PORTAL WILL LEAD TO GRADE 0.
