Software Engineering

10Week [10 November - 16 November]

Quiz 2

Started on	2025-11-16 18:22
State	Finished
Completed on	2025-11-16 18:28
Time taken	5 mins 53 secs
Grade	20.00 out of 20.00 (100%)

Question 1

Complete

Mark 1.00 out of 1.00

A component is:

Select one:

- ☐ a. Only a user interface
- ☐ b. A hardware device
- ☐ c. A non-replaceable part of software
- ☒ d. A modular and reusable part

The correct answer is: A modular and reusable part

Question 2

Complete

Mark 1.00 out of 1.00

A layered architecture organizes a system into:

Select one:

- ☐ a. Random blocks
- ☐ b. Circular loops
- ☒ c. Levels (layers)
- ☐ d. Only one level

The correct answer is: Levels (layers)

Question 3

Complete

Mark 1.00 out of 1.00

The Adapter pattern is used to:

Select one:

- ☐ a. Remove functionality
- ☐ b. Make code unreadable
- ☒ c. Change one interface into another expected interface
- ☐ d. Break the structure

The correct answer is: Change one interface into another expected interface

Question **4**
Complete
Mark 1.00 out of 1.00

Navigation design helps users:

Select one:

- ☒ a. Move through the application
- ☐ b. Hack the system
- ☐ c. Delete files
- ☐ d. Get confused

The correct answer is: Move through the application

Question **5**
Complete
Mark 1.00 out of 1.00

Software architecture mainly helps in:

Select one:

- ☐ a. Increasing system noise
- ☐ b. Hiding communication
- ☒ c. Understanding system structure
- ☐ d. Removing documentation

The correct answer is: Understanding system structure

Question **6**
Complete
Mark 1.00 out of 1.00

A persona is:

Select one:

- ☐ a. A computer program
- ☐ b. A database table
- ☐ c. A hardware device
- ☒ d. A fake user profile for design

The correct answer is: A fake user profile for design

Question **7**
Complete
Mark 1.00 out of 1.00

Abstraction helps by:

Select one:

- ☐ a. Ignoring requirements
- ☐ b. Adding unnecessary details
- ☐ c. Removing functions
- ☒ d. Reducing complexity

The correct answer is: Reducing complexity

Question **8**
Complete
Mark 1.00 out of 1.00

An anti-pattern is:

Select one:

- ☐ a. A UI layout
- ☐ b. A hardware design
- ☐ c. A good solution
- ☒ d. A commonly bad solution

The correct answer is: A commonly bad solution

Question **9**
Complete
Mark 1.00 out of 1.00

Usability means:

Select one:

- ☒ a. Software easy to learn and use
- ☐ b. Removing navigation
- ☐ c. Making software difficult
- ☐ d. Increasing system errors

The correct answer is: Software easy to learn and use

Question **10**
Complete
Mark 1.00 out of 1.00

Creational patterns focus on:

Select one:

- ☒ a. Creating objects
- ☐ b. Storing images
- ☐ c. Deleting objects
- ☐ d. Designing hardware

The correct answer is: Creating objects

Question **11**
Complete
Mark 1.00 out of 1.00

Software design aims to create a system that is:

Select one:

- ☐ a. Unpredictable
- ☒ b. High quality
- ☐ c. Slow and complex
- ☐ d. Hard to maintain

The correct answer is: High quality

Question **12**

Complete

Mark 1.00 out of 1.00

A design pattern is:

Select one:

- ☐ a. A random diagram
- ☒ b. A proven solution to a design problem
- ☐ c. A hardware pattern
- ☐ d. A software bug

The correct answer is: A proven solution to a design problem

Question **13**

Complete

Mark 1.00 out of 1.00

Cohesion means:

Select one:

- ☒ a. A component focused on one purpose
- ☐ b. One class doing many unrelated tasks
- ☐ c. A mix of unrelated functions
- ☐ d. Components depending heavily on each other

The correct answer is: A component focused on one purpose

Question **14**

Complete

Mark 1.00 out of 1.00

Information hiding focuses on:

Select one:

- ☒ a. Protecting internal design
- ☐ b. Removing interfaces
- ☐ c. Making data global
- ☐ d. Exposing internal details

The correct answer is: Protecting internal design

Question **15**

Complete

Mark 1.00 out of 1.00

A software architecture shows:

Select one:

- ☐ a. Only database tables
- ☐ b. Hardware only
- ☒ c. System components and interactions
- ☐ d. Finished code

The correct answer is: System components and interactions

Question **16**

Complete

Mark 1.00 out of 1.00

Modularity means:

Select one:

- ☐ a. Combining everything into one big part
- ☐ b. Hiding code
- ☒ c. Breaking a system into small pieces
- ☐ d. Removing all components

The correct answer is: Breaking a system into small pieces

Question **17**

Complete

Mark 1.00 out of 1.00

Coupling refers to:

Select one:

- ☐ a. How code is compiled
- ☐ b. How much RAM a system uses
- ☒ c. How independent components are
- ☐ d. How users interact

The correct answer is: How independent components are

Question **18**

Complete

Mark 1.00 out of 1.00

UX design focuses on:

Select one:

- ☐ a. Only visuals
- ☒ b. User needs and experience
- ☐ c. Only coding
- ☐ d. Hardware installation

The correct answer is: User needs and experience

Question **19**

Complete

Mark 1.00 out of 1.00

The interface of a component defines:

Select one:

- ☒ a. How a component communicates
- ☐ b. How to delete the component
- ☐ c. The internal code only
- ☐ d. How tests are written

The correct answer is: How a component communicates

Question **20**

Complete

Mark 1.00 out
of 1.00

MVC stands for:

Select one:

- ☒ a. Model-View-Control
- ☐ b. Main-View-Config
- ☐ c. Model-Visual-Coding
- ☐ d. Module-Visual-Control

The correct answer is: Model-View-Control
